MANAGEMENT DISCUSSION & ANALYSIS REPORT

NAMASTE SHAREHOLDERS

The Management discussion and Analysis Report is a reflection of the current state of business of the company. It also deals with opportunities and challenges faced by Company and future outlook.

ECONOMIC AND INDUSTRY OVERVIEW

India is the third-biggest automobile market in the world, the biggest producer of tractors, three-wheelers, and passenger cars, and the second-biggest producer of two-wheelers. In 2024, India produced 5.8 million automobiles in total, which also increased the market share of tyres in India. As the average age of vehicles on Indian roads increases, there is a growing demand for replacement tyres. This has been driven by the increasing awareness of the importance of tyre maintenance and safety.

The demand for tyres is driven by the robust growth of the automotive industry. As the Indian population continues to grow, there is an increasing demand for personal transportation solutions, which has led to a rise in the number of cars, trucks, and motorcycles on the roads. The growing disposable incomes, along with the increasing youth population, are significantly contributing to the growth of the automobile sector, propelling the India tyre market value.

The Indian government is increasingly focusing on manufacturing products locally, supported by various schemes and initiatives. Government schemes such as Atmanirbhar Bharat Abhiyan- Self Reliant India, support the manufacturing of automobiles in the country and aim to make the country a manufacturing hub. This is creating a favourable environment for market expansion in the country. By 2030, the Indian government pledged to have 30% of new car sales in the country be electric.

Furthermore, India's EV finance sector is expected to grow to USD 50 billion by 2030, as per NITI Aayog and the Rocky Mountain Institute (RMI). According to industry reports, the EV market in India would increase at a CAGR of 36% until 2026. Along with companies exploring the rural markets, greater demand for logistics and passenger transportation has collectively aided the India tyre market growth. GLOBAL ECONOMY

The global recovery is steady but slow and differs by region. .

The baseline forecast is for the world economy to continue growing at 3.2 percent during 2024 and 2025, at the same pace as in 2024. A slight acceleration for advanced economies—where growth is expected to rise from 1.6 percent in 2023 to 1.7 percent in 2025 and 1.8 percent in 2026—will be offset by a modest slowdown in emerging market and developing economies from 4.3 percent in 2023 to 4.2 percent in both 2024 and 2025. The forecast for global growth five years from now—at 3.1 percent—is at its lowest in decades. Global inflation is forecast to decline steadily, from 6.8 percent in 2023 to 5.9 percent in 2024 and 4.5 percent in 2025, with advanced economies returning to their inflation targets sooner than emerging market and developing economies. Core inflation is generally projected to decline more gradually.

The global economy has been surprisingly resilient, despite significant central bank interest rate hikes to restore price stability.
The following points highlights the scenario of global economy

- Global prospects and policies,
- Tracing the Effects of Monetary Policy through Housing Markets,
- Slowdown in Global Medium-Term Growth,
- Trading Places: Real Spillovers from G20 Emerging Markets.

INDIAN ECONOMY

Tyre is one of the most important parts of an automotive. Tyres help the weight of the vehicle absorb stock from the road surface and change or maintain a direction. The steps of growing production by the government and the favourable government sechemes are discussing the market growth. Indian government schemes such as Atmanirbhar Bharat Abhiyan-self Reliant India gives an economic and large amount of INR Rs. 51000 crores to encourage manufacturing of the automotive in India, again fuelling the tyre industry. Beside this, the make in India programme will attract investment in the manufacturing industry and spur higher industrial activity.

Tyre industry in India is reached to be worth more than USD 9 billion in financial year 2019 across 40 plus tyre players and 60 plus tyre producing units and employs 2 million employee directly and more than 1 million indirect employments though dealers, retreader etc.

10 Major players in the tyre industry in India hold 90-95% of the total market. Truck & Bus, passenger cars and two wheelers, top 3 and 4 players hold 70 to 80% market share. Top players are MRF, Apollo tyres and JK tyres in both domestic and international markets jointly 60 to 65% of the total market. The separately market share of players in each segment is quite close and no tyre player has a dominant position and pricing power. Hence, total competitive intensity is moderate.

The World Bank on April 2 raised its GDP growth projection for India by 20 basis points to 6.6 percent in FY25.

The global agency's projection for FY25 is significantly moderate compared to the estimate of a real GDP growth of 7.5 percent in the current financial year. However, it expects growth to pick up in subsequent years as a decade of robust public investment starts yielding dividends.

In its second advance estimate of GDP for 2023-24, India's statistics ministry pegged the current year's growth rate at 7.6 percent, 30 basis points higher than its first advance estimate of 7.3 percent.

The expected slowdown in growth between 2023-24 to 2024-25 mainly reflects a deceleration in investment from its elevated pace in the previous year. However, growth in services and industry is expected to remain robust, the latter aided by strong construction and real estate activity.

INDIAN AUTO COMPONENTS OVERVIEW

The Auto Components industry in India is expected to grow to $200 Bn by 2026.

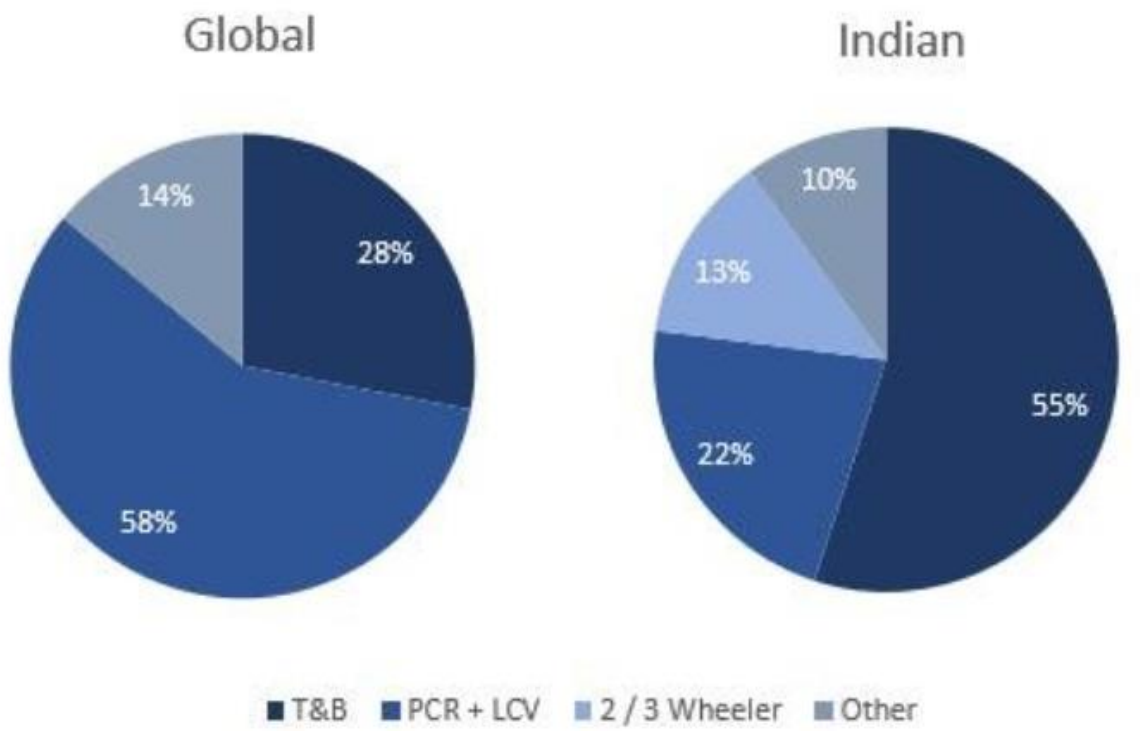

India is set to manufacture 5 Lakh EV three wheelers, at least 55,000 EV four wheelers and 7000 EV buses by 2024.

India's automotive industry is undergoing considerable change. Two-wheelers have traditionally been the most dominant form of transportation in the country and still are, but a fast-emerging middle class has made passenger vehicles more popular—and with this rise, emphasis is being placed on the automotive aftermarket as well to service the needs of these vehicles.
Following the Automotive Mission Plan 2026 that aims to place India amongst the top three global auto giants, the auto components sector expects to reach USD 80 billion in exports by 2026, with 23.9% annual growth.

Robust Demand	Export Opportunities	Policy Support	Competitive Advantage
*Growing working population and expanding middle class are expected to remain key demand drivers. *India is witnessing robust demand for auto components amid ongoing shift in global supplying chain. *With plans to reduce auto components' import dependence, domestic players are expected to witness a demand surge.	*India is emerging as a global hub for auto component sourcing and the industry exports over 25% of its production annually. *Auto component exports are expected to grow and reach US$ 30 Billion in FY26. *By FY28, The Indian auto industry aims to invest Rs. 58,000 Crore (US$7 Billion) to boost localization of advanced components like electric motors and automatic transmissions, reducing imports and leveraging ' China plus one' trend	*100% FDI is allowed under the automatic route for two components sector. *Production linked Incentive (PLI) Schemes on automobile and auto components are expected to b ring a capex of Rs. 74,850 Crore (US$ 9.58 Billion) in the next five years. *The Bharat New Car Assessment Program (BNCAP) will not only strengthen the value chain of the auto component sector, but it will also drive the manufacturing of cutting edge components, encourage innovation and foster global excellence.	*A Cost effective manufacturing base keeps costs lower by by 10-25% relative to operations in Europe and Latin America. *India is the second d largest steel producer globally, thus has a cost advantage. *India is emerging as a global auto component sourcing hub due to its proximity to key automotive markets such as ASEAN, Europe, Japan, and Korea.

INDUSTRY STRUCTURE

The modern automotive industry is massive, complex, and in a continual state of flux. The successful manufacturing of an automobile today—from drawing board to salesroom floor depends equally upon the expertise of many different professions. There are numerous employment opportunities for those who really want to work in the automotive industry, whether it is in a business, technical, scientific, creative, financial, sales, mechanical, or assembly position.
The automotive industry relies on the coordination of four distinct operations: styling, where designers create new automobile looks and features in line with market surveys and that are acceptable to production engineers; engineering, where the intricacies of design are laid out, from engine requirements to electronics, all under price and quality guidelines; manufacturing, where parts are made and the automobile is assembled according to engineering specifications; and sales, where the final product is marketed and sold.
Indian tyre market is clearly skewed towards the replacement segment which contributes ~70% of total revenues. Whereas in volume (tonnage) terms the replacement segment contributes ~60% indicating realizations in the after-market are clearly higher than OEMs (Original Equipment Manufacturer) market.
Based On Products
Truck & Bus (T&B), Passenger Vehicle (PV), 2/3-Wheeler, Off-Highway Tyres (OHT) & Others

T&B tyres in India generates the major revenue i.e. 55% of total revenue whereas globally it's the PCR (Passenger Car Radials) contribute the largest portion of the revenue. This is mainly because of very low penetration of passenger vehicles in India – below 20 per 1,000 people whereas in China the number is ~69 per 1,000 people and 786 per 1,000 people in US. In terms of volume (tonnage) T&B contributes around ~50% of the total volume.
The demand from OEM's is widely spread across the segment where T&B contributed ~35% and PVs & 2/3 Wheeler's contributed ~25% & ~22% respectively. In term of the replacement segment the demand was more skewed towards the T&B tyres which contributed ~61% and PVs & 2/3 Wheeler's contributed ~14% & ~9% respectively.

The Company's proactive approach towards identifying risks and developing mitigation strategy has led to creation of a resilient business model. Its approach to the unforeseen challenges has strengthened its core over the past 28 years, making it stronger and better every day.

Opportunities and Threats

Opportunities remain immense as India is one of the highest growing economy at just below than $4trillion economy. With rise in demand in OE and replacement segment, new opportunities awaits for the company.

Opportunities

- Highly efficient Human Resource – A Company needs a talented and proficient human asset to become bigger. Dolfin Rubbers Limited is honored with immense human force all through with great skills. They have put resources into getting assets, and the arrival they get is large.
- Good Organizational Culture – While it comes to cutting edge working framework and practical methodologies, your Company will consistently be on the top. From generally rehearsed administration framework to lean assembling subtleties, the Company has set models for the individual organizations.
- Holds an Excellent Brand Image – This is one of the most significant strategies of Dolfin Rubbers Limited. At whatever point individuals search for vehicles, they look for the brand name 'Dolfin Rubbers Limited,' and that has kept them a long way in the replacement market.
- Diversified Portfolio –Your Company have an enormous number of variants and models of 2 and 3 Wheelers.Dolfin Rubbers Limited. has spread its wings to a wide range of vehicles in this market.
- Throughout India Supply Chain–They have outlets, branch organizations, fabricating production lines far and wide. The Indian sales network of Dolfin Rubbers Limited is extremely one of the best quality of this organization.
- High Production Capability–Dolfin Rubbers Limited is giving genuine challenge to its peers on this point as they have a high generation limit of creating more than 5 Lakh tyres both tubeless and tube type and more than 50 Lakh tubes every year.

Threats:

- Competition: The organization faces strong competition from rival companies as well as from local players in each regional market in which they work.

- Price fluctuations: The cost of raw materials for tyres, including prices of synthetic rubber, carbon black, chemical solvents, etc., are all extremely unpredictable, posing immense challenges for tyre firms.
- Government Policies: Change in Government policies can adverse effect on the company.
- Competitors Pricing and Discount offers can be a major threat to the company.
- Cheaper Tyres in China: Imported Chinese tyre goods are cheaper and thus pose a tough market competition. Imports by the Chinese will adversely affect the profitability of Goodyear Tyres.
- Volatility in rubber production: Indian rubber production is volatile and generally lower than the demand produced, and therefore the price of rubber fluctuates in light of demand. It has an impact on the firm's pricing policy.

The Company has complied with the provisions with respect to appointment and term of appointment of Independent Directors which are consistent with the Act and Listing Regulations. The Independent Directors on the Board of the Company are given formal appointment letter *inter ália* containing the terms of appointment, role, duties and responsibilities etc. The terms and conditions of appointment are disclosed on the website at https://www.dolfintyres.com/board-of-directors.php

A separate meeting of the Independent Directors was held on 12th February, 2025 without the attendance of non-independent Directors and other members of the Management. All the Independent Directors took part in the discussion. At the said meeting, the Independent Directors reviewed the performance of non-independent directors, the Board as a whole and the Chairman of the Company. They also assessed the quality, quantity, timeliness of flow of information and adequacy of information between the Company's management and the Board.

(i) Performance Evaluation of Directors

The Nomination and Remuneration Committee of the Board reviewed the criteria laid down for the performance evaluation of all Directors. The performance evaluation has been done by the entire Board of Directors, except the Director concerned being evaluated.

(j) Board's Functioning and Procedures

The Board plays a pivotal role in ensuring good governance. Its style of functioning is democratic. The Members of the Board have always had complete freedom to express their opinion and decisions are taken on the basis of a consensus arrived at after detailed discussion. The members are also free to bring up any matter for discussion at the Board Meetings with the permission of the Chairman. The Board's role, functions, responsibility and accountability are clearly defined. In addition to its primary role of setting corporate goals and monitoring corporate performance, it directs and guides the activities of the management towards the set goals and seeks accountability with a view to ensure that the corporate philosophy and mission viz., to create long term sustainable growth that translates itself into progress, prosperity and the fulfillment of stakeholders' aspirations, is accomplished. It also sets standards of corporate behavior and ensures ethical behavior at all times and strict compliance with Laws and Regulations.

The required information including information as enumerated in Regulation 17(7) read together with Part A of Schedule II of the LODR Regulations is made available to the Board of Directors.

All the items on the agenda are accompanied by notes giving comprehensive information on the related subject and in certain matters such as financial/business plans, financial results, detailed presentations are made. The agenda and the relevant notes are sent in advance separately to each Director to enable the Board to take informed decisions.

The minutes of the meetings of the Board are individually given to all directors for their comments, if any and are noted at the subsequent Board Meeting. The Minutes of the various Committees of the Board are also individually given to the respective Committee members and thereafter tabled for noting purpose at the subsequent Board Meeting, in compliance with Secretarial Standards issued by the Institute of Company Secretaries of India.

Independent Auditor's Report

To the Members of
DOLFIN RUBBERS Limited

Report on the Audit of the financial statements

Opinion

We have audited the standalone financial statements of DOLFIN RUBBERS LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2025, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit, total comprehensive income, changes in equity and its cash flows for the year then ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act, 2013. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information other than the Financial Statements and Auditors' Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexure to the Board's Report, but does not include the Standalone financial statements and our auditors' report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (change in equity), and cash flows of the Company in accordance with the accounting principles generally

accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure A a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:
(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Balance Sheet, the Statement of Profit and Loss, and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.

(d) In our opinion, the aforesaid IND AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Rules, 2016, as amended from time to time and other accounting principles generally accepted in India.

(e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

(g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended: In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:

- The Company does not have any pending litigations which would impact its financial position.
- The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

  (b) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

  (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

- The company has not declared or paid any dividend during the year in contravention of the provisions of section 123 of the Companies Act, 2013.

- Based on our examination, which included test checks, the Company has used accounting software systems for maintaining its books of account for the financial year ended March 31, 2025 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Annexure A to Independent Auditors' Report

Referred to in paragraph 1 under 'Report on Other Legal and Regulatory' section of our audit report to the members of DOLFIN RUBBERS LIMITED on the financial statements as of and for the year ended March 31, 2025

To the best of our information and according to the explanations provided to us by the Company and the books of account and record examined by us in the normal course of audit, we state that:

i. (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and Equipment.

(B) The Company is maintaining proper records showing full particulars of Intangible Assets.

(b) The Property, Plant and Equipment of the Company have been physically verified by the Management during the year and no material discrepancies have been noticed on such verification. In our opinion, the frequency of verification is reasonable.

(c) Based on our examination of the registered sale deeds/ transfer deeds/ conveyance deeds provided to us, we report that immovable properties disclosed in the financial statements included under Property, Plant and Equipment are held in the name of the Company as at the balance sheet date

(d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year. Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of Property, Plant and Equipment (including Right of Use assets) or intangible assets does not arise.

(e) Based on the information and explanations furnished to us, no proceedings have been initiated on or are pending against the Company for holding Benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in its financial statements does not arise.

ii. (a) The physical verification of inventory excluding stocks with third parties has been conducted at reasonable intervals by the Management during the year and, in our opinion, the coverage and procedure of such verification by Management is appropriate. In respect of inventory lying with third parties, these have substantially been confirmed by them. The discrepancies noticed on physical verification of inventory as compared to book records were not 10% or more in aggregate for each class of inventory.

(b) During the year, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, from banks on the basis of security of current assets. According to the information and explanations given to us the Company has filed monthly returns or statements with such banks or financial institution are in agreement with books of accounts.

iii. The Company has not made any investments, granted secured/ unsecured loans/advances in nature of loans, or stood guarantee, or provided security to any parties. Therefore, the reporting under clause 3(iii), (iii)(a), (iii)(b), (iii)(c), (iii)(d), (iii)(e) and (iii)(f) of the Order are not applicable to the Company.

iv. The Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186. Therefore, the reporting under clause 3(iv) of the Order are not applicable to the Company.

v. The Company has not accepted any deposits or amounts which are deemed to be deposits within the meaning of Sections 73 to 76 of the Act and the Rules framed there under to the extent notified.

vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.

vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing the undisputed statutory dues except Professional tax and TDS, and is regular in depositing undisputed statutory dues including goods and services tax, Income Tax, provident fund, employees' state insurance, sales tax, service tax, duty of customs, duty of excise, value added tax, cess, and other material statutory dues, as applicable, with the appropriate authorities. According to the information and explanations given to us, detail of undisputed amounts payable in respect of aforesaid dues were outstanding as at 31 March 2025 for a year of more than six months from the date they became payable is as under: -

Name of the Statute	Nature of the Dues	Amount due (Rs. In Lakhs)	Period to which the amount relates
Professional Tax	Professional Tax	0.46	Financial Year 2018-19
Income Tax Act, 1961	TDS Default as per Traces	0.51	Upto 30th September 2024

(b) According to the information and explanations given to us and the records of the Company examined by us, there are no statutory dues referred to in sub-clause (a) have not been deposited on account of any dispute.

Annexure B to Independent Auditors' Report

1.1.1.2 Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of DOLFIN RUBBERS LIMITED ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

1.1.1.3 Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act, 2013.

1.1.1.4 Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

1.1.1.5 Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

1.1.1.6 Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1.1.1.7 Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

DOLFIN RUBBERS LIMITED, LUDHIANA

Note I

1. SIGNIFICANT ACCOUNTING POLICIES:

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

1(A). CORPORATE INFORMATION

DOLFIN RUBBERS LIMITED ('the Company') was incorporated in India on 12th October 1995 and is a public Company domiciled in India. Its shares are listed on BSE Stock Exchange. The Company is engaged in the manufacturing and selling of Auto Tube & Auto Tyres.

1(B). BASIS OF PREPARATION AND TRANSITION TO IND AS

The financial statements of the Company are based on the principle of historical cost except for certain financial assets and liabilities and defined benefit plan that are measured at fair value, and are drawn up to comply in all material aspects with the Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) read with the Companies (Indian Accounting Standards) Rules as amended from time to time.

The accounting policies are applied consistently to all the years presented in the financial statements, including the preparation of the opening Ind AS Balance Sheet as at April 01, 2021 being the date of transition to Ind AS.

The Financial statements have been prepared on an accrual basis under the historical cost convention except for the following that are measured at fair value as required by relevant Ind AS:

Certain financial assets measured at fair value (refer accounting policy regarding financial instruments)

Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or noncurrent classification of assets and liabilities.

1(C) Summary of significant accounting policies

a). Revenue recognition:

The company follows mercantile system of accounting and recognizes income and expenditure on accrual basis except following: -

ii. Insurance claims are accounted for on cash basis when the same are received.

b) Property, Plant & Equipment:

Property, Plant & Equipment is stated at cost less accumulated depreciation. Cost of acquisition or construction is inclusive of freight, duties, taxes and incidental expenses and interest on loans attributable to the acquisition of assets up to the date of commissioning of assets. Capital subsidy received against specific assets is reduced from the value of relevant Property, Plant & Equipment.

Capital work in progress and Capital advances:

Cost of assets not ready for intended use, as on the balance sheet date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each balance sheet date are disclosed as Other Non-Current Assets.

c) Depreciation:

Depreciation on Property, Plant & Equipment has been provided on Straight Line method basis as per useful life assessed by the management with the help of its technical team & on the basis past history and the nature of assets as under: -

Factory Building	28 years
Office Building	58 years
Plant & Machinery	20 years
Office Equipment	20 Years
Vehicles	10 years
Furniture,	15 years
Computer	6 years

Derecognition:
The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of Profit and Loss when the item is derecognized.

(d) Intangible Assets:
Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment loss, if any.

The Company had elected to consider the carrying value of all its intangible assets appearing in the financial statements prepare in accordance with Accounting Standards notified under the section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014.

Amortization:
Intangible Assets with finite lives are amortized on a Straight Line basis over the estimated useful economic life. The amortization expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss. The estimated useful life of intangible assets is taken 5 Years.

Derecognition:
The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the Statement of Profit and Loss when the asset is derecognized.

e). Inventories:
The inventory of stocks, stores and spares has been taken, valued and certified by the Management and are valued at cost or net realizable value whichever is less. The cost in respect of various items of inventory is computed as under: -

i. Raw Materials are valued as cost on FIFO Basis.
ii. Finished goods and work in process are valued at cost or net realizable value whichever is less. The cost of finished goods and work in process includes cost of Raw Material and proportion of production overheads.
iii. Store & Spares are valued at cost on FIFO Basis.
iv. Wastage/Scrap are valued at net realizable value.

(f) Fair Value Measurement
The Company measures certain financial instruments at fair value at each reporting date. Certain accounting policies and disclosures require the measurement of fair values, for both financial and non- financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability also reflects its non-performance risk.

The best estimate of the fair value of a financial instrument on initial recognition is normally the transaction price – i.e. the fair value of the consideration given or received. If the Company determines that the fair value on initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on a valuation technique that uses only data from observable markets, then the financial instrument is initially measured at fair value, adjusted to defer the difference between the fair value on initial recognition and the transaction price. Subsequently that difference is recognized in Statement of Profit and Loss on an appropriate basis over the life of the instrument but no later than when the valuation is wholly supported by observable market data or the transaction is closed out

While measuring the fair value of an asset or liability, the Company uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation technique as follows:
-Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

-Level 2: inputs other than quoted prices included in Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)

-Level 3: inputs for the assets or liability that are not based on observable market data (unobservable inputs)

When quoted price in active market for an instrument is available, the Company measures the fair value of the instrument using that price. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

If there are no quoted prices in an active market, then the Company uses valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

The Company regularly reviews significant unobservable inputs and valuation adjustments. If the third party information, such as broker quotes or pricing services, is used to measure fair values, then the Company assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

(i) Trade Receivables and Loans
Trade receivables are initially recognized at fair value. Subsequently, these assets are held at amortized cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

g). Employee benefits:
Short Term Employee Benefits:
All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

Post-Employment Benefits:
h. Defined Contribution plans:
Defined contribution plans are employee state insurance scheme and Government administered pension fund scheme for all applicable employees and superannuation scheme for eligible employees.

Recognition and measurement of defined contribution plans:
The Company recognizes contribution payable to a defined contribution plan as an expense in the Statement of Profit and Loss when the employees render services to the Company during the reporting period. If the contribution payable for services received from employees before the reporting date exceeds the contributions already paid, the deficit payable is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the reporting date, the excess is recognized as an asset to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

II. Defined benefit plans:
i) Gratuity scheme:
The Company has a Defined Benefit Plan namely Gratuity covering its employees. The present value of provisions for defined benefit plans and the resulting expense are calculated in accordance with Ind AS 19 – Employee Benefits by the Projected Unit Credit Method. The future benefit obligations are valued by an independent actuary at the year-end and spread over the entire employment period on the basis of specific assumptions regarding beneficiary structure and the economic environment. This includes the determination of the discount rate, salary escalation, mortality rate etc. which affects the valuation. In determining the appropriate discount rate at each balance sheet date, the Management considers the interest rates which relates to the benchmark rate available for Government Securities and that have terms to maturity approximating the terms of the related defined benefit obligation.

Recognition and measurement of defined benefit plans:
The cost of providing defined benefits is determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date. The defined benefit obligations recognized in the Balance Sheet represent the present value of the defined benefit obligations as reduced by the fair value of plan assets, if applicable. Any defined benefit asset (negative defined
benefit obligations resulting from this calculation) is recognized representing the present value of available refunds and reductions in future contributions to the plan.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability (asset) are recognized in the Statement of Profit and Loss. Remeasurements of the net defined benefit liability (asset) comprising actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest on the net defined benefit

liability/asset), are recognized in Other Comprehensive Income. Such remeasurements are not reclassified to the Statement of Profit and Loss in the subsequent periods.

The Company presents the above liability/(asset) as current and non-current in the balance sheet as per actuarial valuation by the independent actuary; however, the entire liability towards gratuity is considered as current as the Company will contribute this amount to the gratuity fund within the next twelve months.

ii) Leave Encashment benefits are provided in the books of accounts as per Company's Rules.

iii) Provident Contribution is made in accordance with the provisions of the Provident Fund Act, 1952.

i). Sales:
Indigenous sales are accounted for on the basis of passing of title to the goods to the buyer and net of return and trade discounts, if any.

j) Purchase:
Purchases are accounted at net of GST.

k) Accounting for GST input credit:
GST Input Credit available on Raw Materials, Fuel, Packing Material, Stores & Spares, Expenses and Capital Goods etc. is accounted for by reducing the purchase/expense cost of the related material/expenses.

l) Foreign Currency Transactions:
Initial Recognition:
Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion:
Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Monetary items denominated in foreign currency are restated at the exchange rate prevailing at the year-end and the overall net gain/loss is recognized in the Profit & Loss Account except in respect of liabilities incurred to acquire fixed assets from outside India, in which case they are adjusted to the carrying value of such fixed assets.

Forward Contract: Nil

m) Export Benefits:
Export benefits are recognized in the Profit & Loss Account when the right to receive credit as per terms of scheme is established in respect of export made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

n). Borrowing Costs:
Borrowing costs directly attributable to the acquisition or construction of fixed assets are capitalized as part of the cost of the assets, up to the date the asset is put to use. Other borrowing costs are charged to Profit & Loss account in the year in which they are incurred.

o). Taxes on Income:
Income Tax expenses comprise current tax and deferred tax charge or credit. Deferred Tax Assets/Liabilities resulting from "timing difference" between book and taxable profits is accounted for by applying tax rates and tax laws that have been enacted or substantially enacted by the Balance Sheet Date.

Presentation of current and deferred tax:
Current and deferred tax are recognized as income or an expense in the Statement of Profit and Loss, except when they relate to items that are recognized in Other Comprehensive Income, in which case, the current and deferred tax income/expense are recognized in Other Comprehensive Income

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of

deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

p). Provisions, Contingent Liabilities and Contingent Assets:
Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

q) Cash & Cash Equivalents
Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and demand deposits with an original maturity of three months or less and highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

29(viii). Financial instruments

The details of siginificant accounting policies, including crieteria for recognition, the basis of measurement and the basis on which income and expenditure are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in Note 1.

A Calculation of fair values

The fair values of the financial assets and liabilities are defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following methods and assumptions were used to estimate the fair values of financial instruments:

i. The fair value of the long-term borrowings carrying floating-rate of interest is not impacted due to interest rate changes and will not be significantly different from their carrying amounts as there is no significant change in the under-lying credit risk of the Company (since the date of inception of the loans).

ii. Cash and cash equivalents, trade receivables, investments in term deposits, other financial assets, trade payables, and other financial liabilities have fair values that approximate to their carrying amounts due to their short-term nature.

Financial Assets and Liabilities

The accounting classification of each category of financial instruments and their carrying amounts are set out as below:

a. Financial Assets **(Rs. In Lakhs)**

*The carrying value and fair value approximation, if any.

c. Fair value hierarchy

The Company uses the following hierarchy for determining and/or disclosing the fair value of financial instruments by valuation techniques:

The categories used are as follows:

Level 1: It includes financial instruments measured using quoted prices and the mutual funds are measured using the closing Net Asset Value (NAV).

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The below table summarizes the categories of financial assets and liabilities as at March 31, 2024 and March 31,2023 measured at fair value:

As at March 31, 2024	Level 1	Level 2	Level 3	Total

29(xiii). FINANCIAL RISK MANAGEMENT

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company has exposure to the following risks arising from financial instruments:

a. Credit risk;

b. Liquidity risk;

c. Market risk; and

d. Interest rate risk

(A) Credit risk

Credit risk arises from the possibility that the value of receivables or other financial assets
of the Company may be impaired because counterparties cannot meet their payment or other performance obligations.

To manage credit risks from trade receivables other than Related Party, the credit managers from Order to Cash department of the Company regularly analyse customer's receivables, overdue and payment behaviors. Some of these receivables are collateralized and the same is used according to conditions. These could include advance payments, security deposits, post-dated cheques etc. Credit limits for this trade receivables are evaluated and set in line with Company's internal guidelines. There is no significant concentration of default risk.

Credit risks from financial transactions are managed independently by Finance department. For banks and financial institutions, the Company has policies and operating guidelines in place to ensure that financial instrument transactions are only entered into with high quality banks and financial institutions. The Company had no other financial instrument that represents a significant concentration of credit risk.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding looking information such as:

i) Actual or expected significant adverse changes in business;

ii) Actual or expected significant changes in the operating results of the counterparty;

iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations;

iv) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Financial assets are written off when there is no reasonable expectation of recovery. Where loans or receivables have been written off, the Company continues engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in statement of profit & loss.

Credit risk is managed at Company level.
For other financial assets, the Company assesses and manages credit risk based on internal control and credit management system. The finance function consists of a separate team who assess and maintain an internal credit management system. Internal credit control and management is performed on a Company basis for each class of financial instruments with different characteristics.

The Company considers whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. It considers available reasonable and supportive forward-looking information.

Macroeconomic information (such as regulatory changes, market interest rate or growth rates) are also considered as part of the internal credit management system.

A default on a financial asset is when the counterparty fails to make payments as per contract. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

The Company measures the expected credit loss of trade receivables from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, no additional provision has been considered necessary in respect of trade receivables more than 90 days for the March 31, 2024, since the management has taken suitable measures to recover the said dues and is hopeful of recovery in due course of time.

Reconciliation of loss allowance - Trade Receivables

Particulars	As at 31.03.2025	As at 31.03.2024
Opening Balance	--	--
Allowance/(Reversal) made during the year	--	--
Closing Balance	--	--

The Company maintains exposure in cash and cash equivalents, deposits with banks, investments, and other financial assets. Individual risk limits are set for each counter-party based on financial position, credit rating and past experience. Credit limits and concentration of exposures are actively monitored by the Management of the Company. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets. The Company believes that the current value of trade receivables reflects the fair value/recoverable values.

(B) Liquidity risk
Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Due to the dynamic nature of underlying businesses, the Company maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecast of Company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

(i) Maturities of financial liabilities

The tables below analyze the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for:

Particulars	As at 31.03.2025			As at 31.03.2024		
	Carrying amount	Contractual cash flows		Carrying amount	Contractual cash flows	
		Less than 1 Year	More than 1 Year		Less than 1 Year	More than 1 Year
Non-Derivative Financial Liabilities	--	--	--	--	--	--
Term Loans/Deposit	131.47	--	131.47	262.84	--	262.84

Other Current Liabilities	514.98	484.20	30.78	326.23	326.23	--

All non-derivative financial liabilities, and the amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

(C) Market risk

Market risk is the risk that changes in market prices - such as foreign exchange rates, interest rates and equity prices - will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimizing the return.

The Company is exposed to market risk primarily related to foreign exchange rate risk (currency risk), interest rate risk and market value of its investments. Thus the Company's exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currencies.

(i) Foreign Currency Risk

Foreign currency opportunities and risks for the Company result from changes in exchange rates and the related changes in the value of financial instruments (including receivables and payables) in the functional currency (INR). The Company is exposed to foreign exchange risk arising from foreign currency transactions primarily with respect to US Dollar(USD).

The USD exchange rate has changed substantially in recent periods and may continue to fluctuate substantially in the future. The Company has put in place a Financial Risk Management Policy to Identify the most effective and efficient ways of managing the currency risks.

Sensitivity analysis

The following table details the Company's sensitivity to a 25 basis points increase and decrease in the Rupee against the relevant foreign currencies is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. This is mainly attributable to the net exposure outstanding on receivables or payables in the Company at the end of the reporting period. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 0.25% change in foreign currency rate. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases. In cases where the related foreign exchange fluctuation is capitalised to fixed assets or recognised directly in reserves, the impact, indicated below may affect the Company's income statement over the remaining life of the related fixed assets or the remaining tenure of the borrowing respectively.

Currency	Year ended March 31, 2025		Year ended March 31, 2024	
	0.25% increase	0.25% decrease	0.25% Increase	0.25% decrease
USD ($)	731.17	-731.17	635.99	-635.99
AED	--	--	139.10	-139.10

(D) Cash flow and fair value interest rate risk

- Interest rate risk management:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market rates. The Company's exposure to the risk of changes in market rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company's approach to managing interest rate risk is to have a judicious mix of borrowed funds with fixed and floating interest rate obligation. Moreover, the short-term borrowings of the Company do not have a significant fair value or cash flow interest rate risk due to their short tenure.

The Company is also exposed to interest rate risk on its financial assets that includes fixed deposits, since the same are generally for short duration, the Company believes it has manageable risk and achieving satisfactory returns. The Company also has long - term fixed interest bearing assets. However, the Company has in place an effective system to manage risk and maximize return

- Interest rate risk exposure:

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	As at 31.03.2025	As at 31.03.2024
Fixed-rate instruments		
Financial assets	78.04	76.09
Financial liabilities	218.48	332.07
Variable-rate instruments		
Financial assets	--	--
Financial liabilities	1560.16	1079.53

- Interest rate sensitivity

Interest rate sensitivity

A reasonably possible change of 25 basis points in interest rates at the reporting date would have increased (decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables remain constant. In cases where the related interest rate risk is capitalized to fixed assets, the impact indicated below may affect the Company's income statement over the remaining life of the related fixed assets.

As at 31.03.2025 **Rs. In Lakhs**

Particulars	**Impact on profit before tax (increase in rate 0.25%)**	**Impact on profit before tax (decrease in rate 0.25%)**
Borrowings	(3.90)	3.90

As At 31.03.2024

Particulars	Impact on profit before tax (increase in rate 0.25%)	Impact on profit before tax (decrease in rate 0.25%)
Borrowings	(2.70)	2.70

(iii) Price Risk

The Company's exposure to price risk arises from investment in mutual funds and classified in the balance sheet as fair value through profit and loss Mutual fund investments are susceptible to market price risk, mainly arising from changes in the interest rates or market yields which may impact the return and value of such investments. However, due to very short tenor of the underlying portfolio in the liquid schemes, these do not pose any significant price risk

29(xiv). CAPITAL MANAGEMENT

(a) Risk management

The Company's objectives when managing capital are to:

1. Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders; and

2. Maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, reduce debt or sell assets.

The gearing ratios were as follows:

Particulars	As at 31.03.2025	As at 31.03.2024
Net debt (Total Debt - Cash & cash equivalent - Other Bank Balances - Current Investment)	1692.62	1328.88
Total equity	3338.93	2827.66
Net debt to equity ratio	50.69%	47.00%

29(xiv). Gratuity liability is a defined benefit obligation and Current Year Gratuity is provided for on the basis of an actuarial valuation made by company at the end of financial year. Disclosure as required by Indian Accounting Standard (Ind AS) 19 regarding gratuity is as under: -

Sensitivity Analysis: Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate and expected salary increase rate. Effect of change in mortality rate is negligible. Please note that the sensitivity analysis presented below may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated. The results of sensitivity analysis are given below:

Period	**As on: 31-03-2025**
Defined Benefit Obligation (Base)	110.73 Lakhs @ Salary Increase Rate : 5%, and discount rate :6.75%
Liability with x% increase in Discount Rate	103.64 Lakhs ; x=1.00% [Change (6)%]
Liability with x% decrease in Discount Rate	119.14 Lakhs ; x=1.00% [Change 8%]
Liability with x% increase in Salary Growth Rate	119.20 Lakhs ; x=1.00% [Change 8%]
Liability with x% decrease in Salary Growth Rate	103.47 Lakhs ; x=1.00% [Change (7)%]
Liability with x% increase in withdrawal Rate	111.96 Lakhs ; x=1.00% [Change 1%]
Liability with x% decrease in withdrawal Rate	109.31 Lakhs ; x=1.00% [Change (1)%]
